

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant(s): Dargontina et al.

Patent No.: 7,238,391 B2

Issued: July 3, 2007

For: ABRASION RESISTANT COATING FOR STACKS OF
FIBER CEMENT SIDING

REQUEST FOR CERTIFICATE OF CORRECTION

Attention Certificate of Correction Branch
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

A Certificate of Correction is requested to be issued correcting printing errors appearing in the above-identified United States patent. The Provisional Application filing date for U.S. Provisional Application Serial No. 60/244,857 is incorrectly listed as November 11, 2000 on both the Title Page and column 1, line 5. The correct date is November 1, 2000. The Provisional Application filing date was correct on the Declaration and Application Data Sheet. The Provisional Application filing date was also correct on the Filing Receipt. The date included a typographical error, however, in the first paragraph of the specification as filed. Since the date was correct on the Filing Receipt, Declaration, and Application Data Sheet, Applicants believe the date in these documents should have controlled and submit that this is an error of the United States Patent Office. However, since the typographical error in the first paragraph of the specification was Applicants' mistake, Applicants are willing to have Deposit Account No. 13-4895 charged in the amount of \$100 to cover the Certificate fee under 37 C.F.R. §1.20(a). The corrections in the proposed Certificate of Correction do not involve such changes in the patent as would constitute new matter or would require reexamination.
